

Welcome, Witch!

This spell, “*Do Nothing, Get Everything*,” is taken from our spellbook *The Boss Witch’s Wishlist*. It’s a manifestation booster — meaning it amplifies *any* intention effortlessly, even while you sleep, allowing everything you desire to flow to you naturally.

In the following pages, you’ll find:

- ◇ **Instructions**
- ◇ **The “Do Nothing, Get Everything” Chant**
- ◇ **The “Do Nothing, Get Everything” Sigil**
- ◇ **A Correspondence Chart**

You may use the chant or sigil on their own, or combine both for amplified results.

Read the instructions on the next pages to learn how to cast them.

As for the correspondence chart, it shows how this spell can be strengthened — however, a detailed explanation and full correspondence system can be found inside our spellbook.

Chanting

1. Sit or stand in a comfortable position.
2. Set the mood by lighting a candle, incense, or playing some instrumental music.
3. Read the chant out loud or whisper it softly.
4. Focus on your intention as you chant.
5. When the words “so mote it be” are spoken, the energy is released.

Optional Enhancers:

This chant is most potent on a Friday or during a Waning Moon, while bathing or showering. Wear lavender or pink clothing, or rose quartz jewelry for the next few days to embody its energy. Repeat the chant daily/weekly until you feel the shift begin.

Using Sigils

1. Draw the sigil on a piece of paper.
2. Imagine your desired result while drawing the sigil, or chant your intention out loud.
3. Burn the paper safely and release the energy.
4. Let the universe handle the rest by throwing the remains away or releasing them into water.

Optional Enhancers:

Draw the sigil with lavender or pink ink. Fold the paper toward you while turning it clockwise to attract energy. Draw a magnet over the sigil to strengthen it. Set the sigil under your drink for 7 minutes before drinking to embody the intention. Add a sprinkle of rose petals to your drink for an extra manifestation boost.

Do Nothing, Get Everything

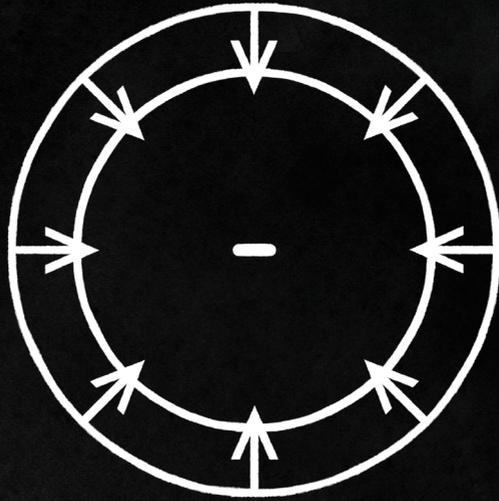

Best used when you want to manifest with ease instead of effort, allowing good things to flow into your life naturally without pushing, chasing, or overthinking.

*I rest my mind and close my eyes,
The world will bring me what I need.
I do not chase, I do not try,
All flows to me with gentle speed.*

*I let go now of all control,
The universe will do its part.
The less I push and calm my soul,
Its gifts flow freely to my heart.*

*I let it come, I let it stay,
I call it now, it comes to me.
In perfect time, in perfect way,
As all things must, so mote it be.*

*Do Nothing,
Get Everything*
